

FABM01-Semi Automatic Hot Stamping Machine

- Besides bronzing, it can also be used for ,branding and indenting etc. A machine for the multi-purpose, widely used and it can reduce your expenses!
- Bronzing enhances texture, has metallic luster, is not afraid of oxidation, and can be changed into different colors
- Equipped a human-computer interface and a digital touch screen. The screen displays the stamping temperature and the consuming time which can be stored in its formula page for your permanent reference.
- Adjustable platform with X-Y axis and various angles. The large X-Y platform makes positioning fast, precise and convenient during processing.
- Adjustable up-and-down stroke. Rapid disassembly formwork
- The maximum hieght of processing stroke is 150mm above platform.
- The mobile sliding table keeps the stamping area away from operator area - safety design
- IoT production monitoring - including the intelligent factory APP Built in smart bar chart, production data displayed by graphs in the past 30 days. Connect with FineCause smart factory APP, no matter where you are, you can overview the production data of your Hot Stamping Machine
- The man-machine interface can be easily switched to select the language:English, Indonesian, Vietnamese ,Thai andTraditional Chinese.

Model	Color	Table size (mm)	Max Bronzing size (mm)	Dimension (cm)	Net W.
FABM01	1	220*100 mm	200*100 mm	L:58 W:85 H:190	180 KG

Fine Cause manufactures pad printer and screen printer including standard types and customization. We manufacture a variety of ink cup pad printer, open-tray pad printer, servo motor screen printer, pneumatic cylinder screen printer and customized screen printer.

In the past decade, we have taken part in an extent of customized and precise machinery projects on both pad printing and screen printing including a variety of application fields: printer for plastics, printer for metals, printer for glass, plastic surface printer, metal surface printer, glass surface printer, coin printer, auto-cylindrical bottle printer, SD card printer, MICRO SD card printer, contact lens printer, syringe printer, test tube printer, solder paste printer and touch glass printer, etc.
